## HOW THE 3 IN 1 WORKS FOR YOU AND YOUR BUSINESS

When you join your local home builders association, you automatically become a member of the Pennsylvania Builders Association and the National Association of Home Builders. This means you have three teams working for YOU.

Our organization is run by members, FOR members. We understand what you need to support your business's success.

The 3 in 1 membership also means that you are eligible for the benefits offered by each association. A few are listed to the left, but membership and participation offers so much more.

Call your local builders association today, or visit [www.pabuilders.org](http://www.pabuilders.org) today!
