CODE UPDATES IN PENNSYLVANIA

What have we learned so far?

Hosted By: PHRC

Date & Time: November 2, 2018 @ 2:00pm

Location: Fall PBA Board Meeting, Harrisburg, PA

As the result of the UCC Review & Advisory Council 2015 review process, Pennsylvania has adopted the majority of code provisions contained in the 2015 International Code Council (ICC) codes. These new code provisions took effect on October 1, 2018. Transitioning from the base 2009 codes to the 2015 versions represents a significant amount of changes in the enforceable code. This scale of code update has not been experienced since the early days of the PA Uniform Construction Code.

The PHRC has conducted over two dozen training sessions on these changes and has learned a few things along the way. This seminar will take a look at which code changes are causing the most disruption, which questions are left unanswered, and some recommendations for future training opportunities at the local level.
