

**HELP TO CONTINUE TO FIGHT FOR THE BUILDING INDUSTRY!  
YOUR SUPPORT IS NECESSARY TO PROTECT OUR INDUSTRY!**

The homebuilding industry can be a strong voice only if you contribute. Your contribution helps elect lawmakers who understand and are willing to listen to the homebuilding industry’s concerns. These legislators need your support when they stand up against other interest groups to promote affordable housing. Their legislative decisions benefit you and your industry. PaCAH exists for these key reasons: to protect your business, your interest and your industry. Electing lawmakers who will fight for your best interests is what PAC is all about.

**Pennsylvania Committee for Affordable Housing (PaCAH)**

The Pennsylvania Committee for Affordable Housing is PBA’s political action committee. PaCAH’s responsibility is to raise and distribute funds for contributions to candidates for Pennsylvania’s General Assembly and designated statewide races. PaCAH contributions are personal contributions, no corporate dollars. **Checks can be written out to “PACAH”.**

**Builder Victory Fund**

The corporate contributions – under the Builder Victory Fund – underwrite the administrative costs of this program including the conduction of political research and polling to support the housing industry’s political affairs objectives. It is also used to help hold fundraisers, mailers, and other necessary pieces that elected officials need. **Checks should be written to “Builder Victory Fund”.**

**IF POSSIBLE, PLEASE CONTRIBUTE TO BOTH FUNDS.**
